Section One – Product Description

Identity: **SUNDANCE “C”**

HMIS Codes:
Health: 2
Flammability: 1
Reactivity: 0
Protective Equipment: B

Section Two – Hazardous Ingredients

| Chemical Name: | CAS Number: | % Present | OSHA PeI | ACGIV TLV |
|---------------------------|-------------|-----------|------------------|-----------|
| Sodium Metasilicate | 6434-92-0 | 2% | None Established | None Est. |
| Ethylene Glycol Monobutyl | 111-76-2 | 3% | 50 ppm | 25 ppm |

Section Three – Physical Data

Appearance and Odor: Water Thin Clear Liquid, Aromatic Odor

| | |
|---------------------------------|----------------------------------|
| Boiling Point: 218°F | Vapor Density: NA |
| Specific Gravity: 1.08 | Evaporation Rate: NA |
| Vapor Pressure: 19.0 mm | Solubility in Water: 100% |
| % Volatile by Volume: NA | pH (concentrate): 12.4 |

Section Four – Fire Fighting Data

| | |
|----------------------------------|---|
| Flash Point: None | Special Fire Fighting Procedures: None |
| Flammable Limits: Unknown | Extinguishing Media: Water, Dry Chemical or Foam |
| Lower Explosive Limit: NA | Unusual Fire and Explosion Hazards: None Known |
| Upper Explosive Limit: NA | |

Section Five – Reactivity Data

| | |
|---|--|
| Stability: Stable | Conditions to Avoid: None |
| Incompatibility: Strong Acids | Hazardous Decomposition or Byproducts: None |
| Hazardous Polymerization: Will Not Occur | |
| Conditions to Avoid: None | |

Section Six – Health & First Aid Data

Primary Route(s) of Entry: Eye Contact, Skin Contact, Inhalation, Indigestion

Health Hazards (Acute and Chronic): May cause eye irritation or eye damage. May cause skin irritation and drying. May also cause irritation of the respiratory tract. Swallowing can result in severe injury. No chronic effects are known.

Signs and Symptoms of Overexposure:

Eyes: Stinging, severe irritation

Skin: Severe stinging, redness

Respiratory: Soreness in respiratory tract, chest tightness, difficulty breathing

Carcinogenicity: No

Emergency and First Aid Procedures:

Eye Contact: Immediately flush with large quantities of water for at least 15 minutes while holding the eyelids open. Get immediate medical attention.

Skin Contact: Immediately remove contaminated clothing and flush area with large quantities of water for at least 15 minutes. Get medical attention if irritation develops.

Ingestion: If patient conscious, give several glasses of water for dilution effect and get medical attention. Never give an unconscious person anything by mouth.

DO NOT INDUCE VOMITING.

Inhalation: Remove from contaminated atmosphere. If breathing has stopped, give artificial respiration then oxygen if needed. Get immediate medical attention.

Section Seven – Spill and Disposal Procedures

Spill and Release Procedures: Absorb spilled liquids with inert material or absorbent material. Scoop or shovel absorbed material into containers. Dry mop or use absorbent material to remove final traces.

Waste Disposal Method: Check local, state and federal regulations. May be hauled to approved landfill or flushed into sewer. Neutralization of pH required.

Section Eight – Special Protection Information

Respiratory Protection: None required, dust mask recommended.

Ventilation: Local and mechanical exhaust, none required.

Eye Protection: Goggles or face shield.

Protective Gloves: Rubber preferred.

Other Protective Clothing or Equipment: Impervious clothing preferred to prevent skin contact.

Section Nine – Special Precautions

Work/Hygienic Practices: Wash thoroughly after handling. Wash contaminated clothes before re-use. Check protective clothing, particularly gloves for leaks before use.

Handling and Storage: Store in cool, dry, well-ventilated area. Keep closed when not in use.

Other Precautions: KEEP OUT OF REACH OF CHILDREN

To the best of our knowledge, the information contained herein is accurate. However, neither Vector Laboratories nor any of its affiliates assume any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material and whether there is any infringement of patents is sole responsibility of the user. All chemicals may present unknown health hazards and should be used with caution. Although certain hazards are described in this publication, we cannot guarantee that these are the only hazards. Users of any chemical should satisfy themselves by independent investigation of current scientific and medical knowledge that the material can be used safely.
