

PRODUCT DATA SHEET

“CW800”

(Formerly Real E-Z)

Product Description:

CW800 is an effective biodegradable alkaline “wash and shine” one-step cleaner. This highly concentrated cleaner can be used on all painted surfaces. Unique penetrating agents lift dirt while cleaning vehicles with a beautiful shine. Use hot or cold with minimal or no brushing. Can be used as step 2 in the two-step system. Removes road film and leaves a shiny finish as if vehicles were just waxed.

Instructions for use:

The starting dilution ratio is 50:1 to 100:1 (at wash nozzle). Apply evenly with overlapping strokes from bottom to top. Allow to set momentarily, but do not allow to dry on the surface. Start rinse from bottom up and final rinse from top to bottom with liberal amounts of water.

Caution:

Keep out of reach of children

Do not allow to dry on surface

For industrial use only

Although not hazardous, refer to MSDS for precautions

Technical Data:

Appearance ... Green

Ph Concentrate ... 12.5

Specific Gravity ... 1.12

Completely soluble in water
