

PRODUCT DATA SHEET

“Sundance”

Product Description:

Sundance is truly an all-purpose, road film removing detergent designed to cut through medium soiled trucks and over the road trailers. It can be used for car washing and detailing. Use for removing air-born pollutants and oxidation from vinyl and aluminum siding. For use on greasy machinery, concrete walls and floors, whitewall tires, engines, smoke damage and construction equipment.

Instructions for use:

Designed for use with steam/hot/cold pressure washers. Use at dilution ratios at up to 50:1 (at wash nozzle) on surfaces to be cleaned. Apply Sundance with overlapping strokes from bottom to top. Allow to dwell momentarily, but do not allow to dry on surface. Start rinse from bottom to top and final rinse from top to bottom with liberal amounts of water. Can be used as a pre-soak on diesel stains. Pre-mix at 5:1 to spray on and rinse with liberal amounts of water.

Caution:

Keep from freezing

Keep out of reach of children

Do not allow to dry on surfaces

Refer to MSDS for handling procedures and precautions

Technical Data:

Appearance ... clear

Ph Concentrate ... 12.4

Specific Gravity ... 1.08

Completely soluble in water

Biodegradable
